CANCELLATIONS AND NO SHOWS

As a courtesy, please remember to call the salon as soon as you know that you will be unable to make your scheduled appointment and we will be happy to re-book it for you. Not notifying us in advance may cause inconvenience to other clients and potentially a loss of earnings for our hair designers. We, therefore, kindly ask that you give us 48 hours' notice for any appointment change or cancellation.

In the event of continuous no show or repeat late cancellations, the full cost of the service booked applies and a 50% deposit required for future appointments.

Equally, if we have to cancel your appointment we will also supply 48 hours' notice. If we are unable to provide 48 hours' notice we will credit you (the client) account with a discretionary discount off the original booking.

hair extensions

LOVE YOUR HAIR

Our after-care advice will help you love your hair maintaining the longevity of your hair extensions. Your stylist will also be able to give further guidance to match your lifestyle and individual requirements. An after-care range has been specifically formulated to help care for your tresses and are available to buy through your professional extensionist.

You must attend regular maintenance appointments for removal of your extensions by your extensionist to avoid damage to your own hair and scalp.

DO'S

- Before washing you should de-tangle your hair from your end to roots.
- Use the recommended '**sulphate free**' shampoo and conditioner to maintain your hair. Follow the instructions on the bottles carefully.
- Wash your hair with lukewarm water and in an upright position.
- Gently squeeze out excess water and pat dry with a towel.
- Apply '**oil**' to lock in moisture and fight frizz whilst damp.
- Always dry your root area thoroughly on a cool setting.
- Use the '**Ultra Tangle Tamer**' soft bristle brush and brush several times a day.
- Tie your hair in a loose ponytail or plait for exercise and sleeping to prevent the hair matting.
- Regularly separate your hair and bonds gently to avoid matting.
- Attend regular maintenance appointments with your extensionist.

DONT'S

- Keep all products including conditioner away from the bond areas.
- Do not wash your hair more than three times a week.
- When washing your hair do not massage or twist your hair.
- After washing do not roll or rub hair into the towel.
- Avoid using heat styling tools near the bonds (unless using a cool setting).
- Do not twist or play with bonds as they may loosen.
- Because the hair is already processed it is advisable not to tint, colour or perm.
- If swimming, coat your hair thoroughly with a mixture of water and conditioner and tie it back to help prevent the chlorine and sea water from effecting your hair. Wash thoroughly afterwards and apply a generous amount of conditioner.

DONT'S (continued)

- Hair extensions can be affected by chlorinated water, hard water with a high mineral content, sun and products containing Avobenzone that come into contact with the hair such as sun creams. Wearers should be informed of the risks by their extensionist and should any discolouration occur, products are available to help rectify and restore the hair.
- Do not use products that are not specifically made for extensions as they may damage the bond and hair.
- Never attempt to remove your extensions yourself, or have anyone other than the extensionist who fitted your hair remove them.
